~ Your **IMPACT** on individuals living with disability ...

(Gifts of \$1000+ can be paid in installments)

\$10,000

Give the Gift of ...

INDEPENDENCE thru Medicine

Provide four children diagnosed with cerebral palsy access to innovative healthcare for one year covering needs such as spasticity management, physical medicine, prescribing and fitting of orthotics, specialized seating, and physical therapy to build a foundation for enhanced INDEPENDENCE.

\$5000

Give the Gift of ...

COMMUNICATION thru Technology

Help two adults, both non-verbal, acquire augmentative devices and benefit from ongoing speech-language therapy sessions as they open up new incredible worlds of COMMUNICATION with family and friends.

\$2500

Give the Gift of ...

INCLUSION thru Therapy

Support a full year of physical, occupational, or speech therapy for four children who long for INCLUSION in school and neighborhood activities with their typically-developing friends.

\$1000

Give the Gift of ...

HOPE thru Technology

Enable parents of children born with physical and intellectual challenges to experience the HOPE that comes from intensive physical and speech therapy, as their children begin the long-term, intensive process of learning to integrate technology into home, school, and their lives in general.

\$500

Give the Gift of ...

POTENTIAL thru Medicine

Give a teenager, reeling from paralysis due to traumatic injury, access to physical medicine and rehabilitation and the POTENTIAL to dream about future success.

... Is LIFE-CHANGING
